3. This SEP statement is issued under the sole responsibility of the manufacturer: **Quantrax Kft.**

4. Object of the statement:

   COMPUTHERM® DS magnetic dirt separators for heating and cooling systems.
   Permitted fluid: Group 2 fluids, in particular water and water-glycol mixtures containing up to 50% glycol, subject to the operating conditions specified in the instructions for use.

5. Applicable Union legislation and PED classification:

   Directive 2014/68/EU (PED), Article 4(3) - Sound Engineering Practice (SEP).
   Based on the available technical data - in particular maximum allowable pressure (PS), internal volume (V) and product/connection size - the listed pressure accessories fall under Article 4(3) SEP in accordance with Article 4 and Annex II of Directive 2014/68/EU.
   For products falling under Article 4(3), an EU Declaration of Conformity is not drawn up and CE marking is not affixed under the PED. This is without prejudice to requirements arising from any other applicable Union harmonisation legislation.

6. Key technical data:
